

4Catalyzer Sponsorship Program Details

Thank you for your interest in the 4Catalyzer Sponsorship Program. This program provides up to \$25,000 in sponsorship funds for project-based courses, technical competitions, hackathons, and grand challenges. This document provides additional details of the program and what is expected of participants. 4Catalyzer reserves the rights to select which specific events will be sponsored and change any detail associated with the sponsorship program at any time.

About Us

4Catalyzer is a startup accelerator dedicated to maximizing societal impact. We envision, incorporate, finance support, and mentor a select number of startups that we are committed to make successful. The goal of the sponsorship program is to enable your program, raise awareness of 4Catalyzer, and identify / recruit the top students.

How Do I Apply?

To apply for a 4Catalyzer sponsorship, please submit a short description of the program, how much funding is requested, and CVs of two of your best and brightest students. Students must be graduating within 6 months and actively looking for employment to qualify. All materials should be submitted to sponsorships@4Catalyzer.com.

What Is Expected As A Participant?

As a participant in the 4Catalyzer Sponsorship Program we expect the following:

- A short introductory email introducing 4Catalyzer to be mailed to all students participating in the program (text will be provided by 4Catalyzer)
- 4Catalyzer flyers to be posted on bulletin boards in your department (flyer will be provided by 4Catalyzer)
- An opportunity during the event to host a social get together with the students and talk about 4Catalyzer. We may not do this for every event.
- Opportunities to interact with students leading up to, and during, the event
- Our goal is to recognize at least one quality hire for each sponsored event.

Who Are We Looking For?

We seek accomplished, passionate, creative individuals who are top 1% in image reconstruction, mixed-signal IC design, high-speed electronics, nanophotonics, microfabrication, MEMs, biophysics, biochemistry, molecular biology, deep learning, cloud computing, embedded systems, or hold any dual degree with computer. All applications should be submitted to joinus@4Combinator.com.

How Are Sponsorships Evaluated?

Programs that are able to successfully recruit top students will be eligible for additional funding on future course, competitions, and programs. Please join us in solving today's most challenging problems and put a dent in the universe.

If you have any questions, please submit them to sponsorships@4Catalyzer.com. Program subject to change. All decisions are made at the discretion of 4Catalyzer.
